Subject: Cotton Thomas

I talked with Lon briefly after you met with Wayne and Tom, with regards to the submittal for the Cotton Thomas Quarry (plan update). This was due on February 15, 2003. Lon told me he was working on it and he would need another week to ten days to have it ready to submit.

Please be advised that we will allow the requested time - until March 4, 2003 to make the submittal. If you need additional time, please contact us prior to that date.

Thank You.
